<b>Articles</b>	
Observational Learning of Academic and Social Behaviors During Small-Group Direct Instruction	272
<i>Jennifer R. Ledford and Mark Wolery</i>	
<i>Heterogeneous groups of preschoolers with and without disabilities were observed for learning targeted academic and sharing behaviors.</i>	
Print-Focused Read-Alouds in Early Childhood Special Education Programs	292
<i>Laura M. Justice, Jessica A. R. Logan, Joan N. Kaderavek, and Jaclyn M. Dynia</i>	
<i>Preschoolers with language impairments were randomly assigned to one of three treatment conditions manipulating how teachers and caregivers read aloud to children.</i>	
Where Students With the Most Significant Cognitive Disabilities Are Taught: Implications for General Curriculum Access	312
<i>Harold Kleinert, Elizabeth Towles-Reeves, Rachel Quenemoen, Martha Thurlow, Lauren Fluegge, Laura Weseman, and Allison Kerbel</i>	
<i>This survey of over 39,800 students from 13 states who participated in alternative assessments describes the relationships among school placement, use of Alternative and Augmentative Communication, and academic achievement.</i>	
Addressing the Needs of Adolescents With Autism Spectrum Disorder: Considerations and Complexities for High School Interventions	329
<i>Suzanne Kucharczyk, Colleen K. Reutebuch, Erik W. Carter, Susan Hedges, Farah El Zein, Hannah Fan, and Jenny R. Gustafson</i>	
<i>Focus group across four states were conducted in order to examine understandings and considerations regarding the application of evidence-based interventions to address the needs of adolescents with autism spectrum disorder.</i>	
Predicting the Academic Achievement of Deaf and Hard-of-Hearing Students From Individual, Household, Communication, and Educational Factors	350
<i>Marc Marschark, Debra M. Shaver, Katherine M. Nagle, and Lynn A. Newman</i>	
<i>The authors examined both positive and negative predictors of academic achievement in a sample of deaf and hard-of-hearing secondary students.</i>	
Once, Sometimes, or Always in Special Education: Mathematics Growth and Achievement Gaps	370
<i>Ann C. Schulte and Joseph J. Stevens</i>	
<i>A longitudinal data set was examined to determine achievement gaps and growth rates in students with and without disabilities.</i>
