European Journal of Psychology of Education
Volume 36 · Number 3 · September 2021

Teaching strategies to improve students’ vocabulary and text comprehension
T. Kärbäla · K. Üibu · M. Männama 553

Does the treatment integrity of a literacy instruction program foster student reading comprehension? A field experiment
S. Dellisse · X. Dumay · B. Galand · V. Dupriez · J.-L. Dufays · L. Coertjens · S. De Croix · J. Penneman 573

How do students integrate multiple texts? An investigation of top-down processing
A. List · H. Du · H.Y. Lee 599

All better than being disengaged: Student engagement patterns and their relations to academic self-concept and achievement
K. Schnitzler · D. Holzberger · T. Seidel 627

Primary school students’ perceived social support in relation to study engagement
P. Rautanen · T. Soini · J. Pietarinen · K. Pyhältö 653

Attitudes and self-efficacy as significant predictors of intention of secondary school teachers towards the implementation of inclusive education in Ghana
M.P. Opoku · M. Cuskelley · S.J. Pedersen · C.S. Rayner 673

Perceived parenting styles, academic achievement, and life satisfaction of college students: the mediating role of motivation orientation
E. Stavrulaki · M. Li · J. Gupta 693

Error handling in the classroom: an experimental study of teachers’ strategies to foster positive error climate
A. Soncini · M.C. Matteucci · F. Butera 719

Motivation theory in the school context: differences in preservice and practicing teachers’ experience, opinion, and knowledge
L. Schürmann · R. Gaschler · C. Quaiser-Pohl 739

An intervention promoting understanding of achievement emotions with middle school students
D. Raccanello · R. Hall 759

Friends’ influence on the development of academic values in mathematics: are there differences between female and male dyads?
M. Reindl · B. Gniegosz · M. Dresel 781

Transfer effects of mathematical literacy: an integrative longitudinal study
M. Holenstein · G. Bruckmaier · A. Grob 799

Gender differences in effects of father/mother parenting on mathematics achievement growth: a bioecological model of human development
M.-S. Chiu 827

The development of computational estimation in the transition from informal to formal mathematics education
E. Sekeris · M. Empsen · L. Verschaffel · K. Luwel 845

Conceptual distinctions and preferential alignment across rational number representations
K. Qiu · Y. Wang 865

Nudging in education: from theory towards guidelines for successful implementation
R.J. Weijers · B.B. de Koning · F. Paas 883
